More TV ₁₀₁₁

The generous will prosper; those who refresh others will themselves be refreshed...Proverbs 11:25... You can personalize Jesus' command to "go and make disciples of all the nations" (Matthew 28:19) by going to your world. Go to your workplace. . . . Go to your family. . . . You have a sphere of influence. You have a group of people who will listen to what you have to say. Go to that world—the world to which God has called you.

Over the years we've had many opportunities to broadcast our faith, our opportunities and our brand across the entire world. At one time, about three years ago, we were on the verge of doing a live one hour radio show that was set to transition into live TV shortly thereafter.

Well, it didn't quite work out and we settled back in quiet retreat anticipating our next run at it...

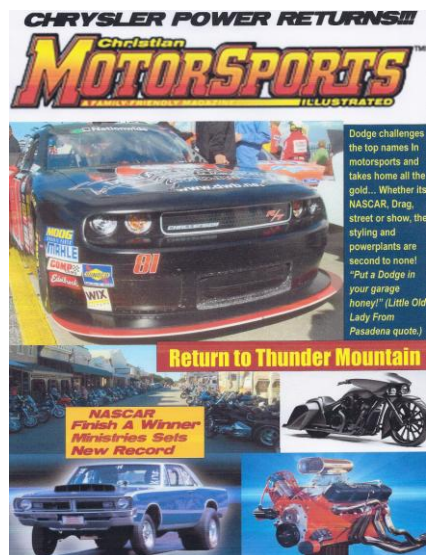

This opportunity starts out as most of the previous have as a real live show, before a real live audience, live streaming video on Facebook. Steve Paul (somehow related to Ron Paul) produces the ***"Nothing But The Car Facts"*** show, the only automotive show to stream live on FB and his special guest for the Septemeber 29 show is your own hometown big guy deluxe, RolandOsborne.

Steven plans to highlight our work in the Chrysler Performance movement from the early 1970s thru today, using that platform to then shift the focus to the years as RFC Chaplain (1993 to present) and the formation of Christian Motorsports Ministries and Christian Motorsports Illustrated Magazine (1995) and NEWS.

Invite all your friends over for popcorn and soda, set your recorder on sizzle and enjoy hearing the vision, seeing the visionary spin the vision and embrace the salvation message aimed at all who don't know Christ or need encouragement in His goodness. In other exciting events as we move into the Fall season, we're planning the next issue of the magazine. We're looking for some more

advertising and sponsors to help support it as it's been a struggle now for the last year to keep it viable. Our reason for publishing it is as a tool for you to hand out and use in a variety of ways to spread the Gospel and encourage the saints-schools, prisons, youth, men's groups, churches etc. We have to sell approximately 5000 bulk copies per issue to break even-pay for layout, design, printing and mailing, electric, water and gas etc. At one time we sold enough copies that the bulk price was \$1 each but the demand dwindled and the cost per copy rose to \$2... We did one super-duty magnificent 80 page showpiece that cost \$3 and while the newsstand cover price was legitimately \$6.99, the promises for support and advertising and sales didn't cover the print bill and we still owe the printer for that one... We're not whining, crying or pooh poohing-just explaining the facts of life here at headquarters.

Longtime supporter Shel McCartney put it this way in a note recently with his regular donation, "Hang in there... My suggestion is to be consistent. If it's a newspaper instead of a magazine-ok. Just have a quality newspaper with well written and interesting articles. Also, if your letters are expensive in color, send them in black and white. God bless, Shel"

It's been very encouraging the notes we are getting... **Don't Quit!** has been the battle cry and we're not, but while other ministries are presenting a polished front with dead men's bones just behind the curtain, we're more like the original apostles-we write the real story for all to see and hear and tell-even the mud and the blood, so that experiences might be related, adjustments might be made and the circle is never broken!!!

NEW T-SHIRTS!!!! We haven't done a new t-shirt since the **HELL-You Don't Have To Go There!** model and it's time for a new shirt... We're pulling out of mothballs our ***all time best selling*** shirt ever and putting a fresh spin on it... This shirt hasn't been in production since we've been in California and that's a loooong time.

Back of shirt above...small inset on front-right.

Shirts will sell for \$17, 2 for \$25 and 5 for \$50. Shipping \$5 for any quantity... sizes S-4X... add \$3 for 3X & 4X... Please order a batch so we can get our first order placed.... Thanks!

Keeping the shiney side up 'til next time, Roland
